

### **Bob's memorial – a Thank You**

Stephanie and Mark (Bobs son and daughter) would like to express their sincere thanks to everyone who came to celebrate Bob and Margaret's lives with us yesterday 8<sup>th</sup> April. We know that a lot of people travelled a long way, which really means a lot to us. As we live so far away it was a comfort to us that they had so many friends looking out for and helping them.

### **Craft Club - Advance Notice**

#### **Any keen crafters out there?**

I'm planning on setting up a new and invigorated craft club in the autumn. There will be an inaugural meeting on Wednesday 14th September 2022 at 10am at 14 La Bourse. Please feel free to bring with you anything that you are currently working on and we can have a convivial sharing of ideas over coffee and cake.

If interested, please contact Helen Horton.

### **Future GT walks.**

Because of our difficulty finding hosts for southern walks, we have temporarily merged the two groups.

Thanks to members stepping up, we have northern walks arranged for May, June September and November this year, which leaves no organisers for **July, October and December**.

If you want the walks to continue, please put your name forward to organise one. It really isn't very arduous. You just have to plan a walk close to where you live and book a meal nearby for walkers and others who want to come.

I am really hoping to hear from you, as the walks and meals are such a good chance to get together, to meet and re-connect with friends and to get out in the fresh air.

Lesley Ritchie

### **GT Library**

At the recent AGM, one of the members expressed her regret that there had been no GT library for a while. She felt that it had worked most effectively when boxes of books were circulated and members took turn to host the event and provide tea etc.

We discussed this at the last committee meeting. Michele and Eric Hansford have offered to house the history books.

However, before we go any further reorganising and reviving the library and possibly including DVDs, we would like to find out how many people are actually interested in using it again, so please contact me with your views and ideas.

## **Covid Booster Vaccine**

It is now possible to have a 2<sup>nd</sup> booster vaccination if you are 60 plus and it is 6 months since your last booster injection. Appointments are available on doctolib.fr

The June Reading Circle meeting will be at 11.30am on Mon 6th, at Helen's house in La Bourse, followed by a very amicable bring and share lunch.

We will be discussing *The Dig* by John Preston - In the long hot summer of 1939 Britain is preparing for war. But on a riverside farm in Suffolk there is excitement of another kind: Mrs Petty, the widowed farmer, has had her hunch proved correct that the strange mounds on her land hold buried treasure. As the dig proceeds against a background of mounting national anxiety, it becomes clear though that this is no ordinary find ... And pretty soon the discovery leads to all kinds of jealousies and tensions.

John Preston's recreation of the Sutton Hoo dig - the greatest Anglo-Saxon discovery ever in Britain - brilliantly and comically dramatizes three months of intense activity when locals fought outsiders, professionals thwarted amateurs, and love and rivalry flourished in equal measure

## Event Reports

### **GT Wine and Lunch club 5th April 2022 - kindly hosted by Michele & Eric Report by Suzette**

Keith brought wines from SW France and we had food prepared by the attendees to match the wine region. - due to a few cancellations and some late joiners, the usually well-organised food courses went a little awry, but I didn't mind as we had 2 lovely puddings and I for one was happy and replete when we left!

Keith said 'the Southwest is an area in which there is no set theme and is simply a "name" to attach to that area'. Which was very useful as David made a cake from St Tropez and decided this meant he could move the boarder too and call it a SW dish!

The tasty vegetarian starter was made with tomatoes, onions and peppers. It was accompanied by a lovely bottle of Château Pujols Grande Cuvée. The wine had a dark red colour with a hint of red fruits and was very smooth to drink.

The cheese course was next and it was a very nice selection from the area, with my favorite being the Tomme (the one with the black skin!)... This was served with crusty bread and the 2nd wine choice named Le Passelys – Prestige. It had a lovely fresh taste and was a great accompaniment to the cheese, but the smell was a little odd! Apparently this is usual? It was my favourite wine of the day.

Keith selected a Dessert wine for the last course of 2 cakes! The first cake, was delicious and I had 2 pieces.... Or was it 3??

The wine was called Château Perrou-la-Baragoile .

It was certainly an interesting talking point, as it was a selection of 4 types of grapes that grew mould known as 'noble rot'.

You never knew how many of each type of grape could be used in the making of the wine because it would depend on how many on each vine had gone 'mouldy'!? The rot itself has a unique flavour and it also causes the grape to dehydrate, therefore intensifying the flavour of the grape. All these grapes have to be hand-picked and hand-selected, so it also makes it an expensive wine.

Although our desserts were sweet, the wine was sweeter! I accompanied the desserts well and was a good example of a Dessert wine, but I think we nearly all agreed, due to the sweetness, you would only be able to drink one glass.

A good afternoon had by all

### **Photo Group Report**

The group met on zoom on Thursday 14 April.

Steve presented on ways to get the best possible pictures using the camera we almost all have with us - the mobile phone. He identified a number of easy to use features and more were discovered by group members during the presentation.

We looked at the submissions on the theme of Entrances and Exits. The best with equal votes were Anthea's Water Pot, Howard's Harbour Post and Roger's Window Reflection.

Runners-up were Roger's Tulips and Steve's Beach. The fact that Roger's Tulips had nothing to do with Entrances and Exits didn't stop people voting for it.

## 2<sup>nd</sup> Reading Group – 26<sup>th</sup> April - Report by Eric

The second circle reading group met on 26 April at Lesley Ritchie's house to discuss *The Dust That Falls From Dreams* by Louis de Bernières.

This book is the first volume of a family saga starting before WW1 and going through to after WW2 by the third novel. Unfortunately the group were disappointed with the first novel and considered that it wasn't up to the standard of previous novels such as Captain Correlli's Mandolin. Whilst the first half of the book contained some graphic descriptions of life and death in the first world war it somehow failed to involve the reader and felt a bit formulaic. In the second half the book tended to drift with no clear plot but it did present some entertaining vignettes of life in those days.

### Walk fitness

We have been advised by our insurance company that we do not need a doctors certificate from each member to participate in physical activities, for us that is mainly walks, but could include bowling etc.

However, it is each members responsibility to ensure that they are fit enough to partake in any physical activity organised by GT.
